

## Welcome to the Leamington Yacht Club

The Leamington Yacht Club which calls Leamington Municipal Marina, in Leamington Ontario home port was formed some twenty seven years ago and has seen its members sail from Florida to Lake Superior's North Channel, plus it seems all waters between. At present LYC boasts some thirty-five boating and social members from both Michigan and Ontario, piloting over thirteen hundred feet of vessels ranging from wooden Fairliners to aluminum Marinettes, with most brands of fiberglass hulls equally represented. We command single and multiple screw ships powered by gasoline, diesel and yes, even a member with a hybrid electric propulsion system. With the help of our Fleet Commander, we organize weekend cruises from Lake Erie to Lake Huron, as well as a couple of voyages of one or two week duration throughout the summer boating season to ports both known and unknown, but always remembered. If this sounds like fun, why don't you come and join us?
